STIERWALT CLINIC

In May, we cohosted a cattle clinic with Stierwalt Cattle and Clinic and Wright County 4H. With the support of volunteers, sponsors, parents, youth attendees and Kirk Stierwalt, the event was a huge success!

48 youth attendees from MN and WI had the opportunity to learn from some of the best in the Beef Industry: animal nutritionists, fitting pros and teachers of all things showing related. It was a weekend full of hands-on learning, hard work and laughs. Thank you to Country Store Associate Sarah Swart for organizing and running the clinic and thank you to everyone else that contributed to this great event!

RATION BALANCERS FOR HORSES

What is a ration balancer?

- Ration balancers are highly concentrated nutrition for easy keeping horses. They include protein, vitamins and minerals to balance out what is typically missing in hay or pasture.

Why choose a ration balancer for your horse?

- Forages alone do not provide the necessary amount of nutrients that horses need, which causes deficiencies. Ration balancers are designed to have a low feeding rate to provide the proper balance of nutrients without excessive calories.

RATION BALANCERS OPTIONS

- Enrich Plus®
 - High quality protein with essential amino acids for growth, development and muscle maintenance
 - Concentrated vitamins and minerals to address nutrient deficiencies and imbalances common in unfortified grains for a forage-only diet
 - Controlled starch and sugar formula-perfect for horses with sensitives
 - Corn and oat free formula
 - Added vitamin E
 - Concentrated formula- 1-2 pound feeding rate
- Enrich Plus® Senior
 - NEW Enrich Plus® Senior provides all the same things as Enrich Plus® with added benefits
 - Activage- prebiotic technology for optimal immune function, mobility and metabolism
 - Added Outlast® Gastric Support technology- helps manage the pH of the horses stomach to prevent gastric ulcers
 - Easy soak technology for easy keeping senior horses who may have poor or no teeth
 - High quality protein with essential amino acids for growth, development and muscle maintenance
 - Concentrated vitamins and minerals to address nutrient deficiencies and imbalances common in unfortified grains for a forage-only diet
 - Controlled starch and sugar formula- perfect for horses with sensitives
 - Corn and oat free formula
 - Added vitamin E
 - Concentrated formula- 1-2 pound feeding rate

BOGO on all in stock Cashel fly masks

Offer valid while supplies last

CLOSED FOR INDEPENDENCE DAY

Our office, mill and store will be closed on Tuesday, July 4, in observance of Independence Day. We will schedule limited bulk deliveries for July 3, so please place orders ahead of the holiday to ensure timely delivery.

Save the Dates!

June 22-25, 2023

Good Neighbor Days

Howard Lake, MN

July 19-23, 2023

Wright County Fair

Fairgrounds

SAVE THE DATES

Save the dates of June 22-25 for Good Neighbor Days and July 19-23 for the Wright County Fair! Both events will take place in Howard Lake and will be our community's largest celebrations of the year!

If you're a horse lover, save the date of September 10, for an Equine Event at The South Shore Event Center in Howard Lake. Our guest speaker, Amberley Snyder, is a barrel racer, breakaway roper and motivational speaker! Guests can enjoy refreshments, giveaways and feed specials and will be sure to find value in this event!

SECOND QUARTER HIGHLIGHTS

We were happy to sponsor two HLWW FFA events in the month of May: the annual HLWW FFA Banquet and the Truck and Tractor Pull!

We sponsored the award for State Proficiency in Dairy Production Placement at the HLWW FFA Banquet on May 12. Pictured is MLN Sales Director Ted Radintz presenting a plaque to Wyatt Glessing.

The HLWW FFA Truck and Tractor Pull brought the community together on May 28 to celebrate a night full of entertainment and fun!
